What is Baptism?

Water baptism is a physical act expressing a spiritual truth. When a person is baptised they are saying that they share in Christ's death and resurrection. By being completely immersed, he/she is saying that they have buried their old life under the water. Then as they come up out of the water the person is symbolically raised to new life and will now live as a disciple of Jesus, forever.

"I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me." Galatians 2:20

Please speak to James and or Phil and Hannah if you would like to be baptised or know more about what it involves.
