Recently ACA received a container full of aid from Australia. A concrete base had been built for the container to stand on but it took all day to get it in! Firstly, the 36 ton crane needed to lift the container in place crushed the patio and sank into the ground. It took 3 hours to get it out using 3 tractors with 1 losing a wheel in the process. Finally, they couldn't get the lorry close enough for the crane to lift the container so it was rolled on metal poles from the road with a tractor in front and JCB behind to get it to the crane!! On top of this they were without power all day! Only somewhere like Romania!

Rwanda - Tom, Ritah, Keza & Tona MacGregor.

John Fudge - Please pray for John as he, and others involved, launch the new charity - Global Youth Development. Please support him and the family in prayer at this exciting time.
