Please pray for Josiah Hoad (Matt & Theresa's eldest son). Josiah was diagnosed with a tumour in his lung in July. It is an unusual form of cancer for someone in their 20s but it is operable. He goes to Guys hospital on Sunday (today) for an operation first thing on Monday. If all goes well he will be discharged on Friday. He is obviously anxious and there are risks. Please pray for peace and a sense of God's presence with him throughout this episode and that there is a good outcome. Also for Theresa, Matt, Les & Sue as they support and care for Josiah.

### THE CORNERSTONE CENTRE - BUILDING UPDATE

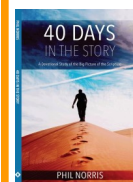

**Back Hall refurbishment** - you may remember we received a large grant in 2018 towards the complete refurbishment of the back hall which has a number of significant issues both internally and externally? It may not show yet, but lots of work has been going on behind the scenes to get designs and plans in place to begin works. As you expect with such a project the quoted costs to do the work have increased significantly beyond our first estimations. The building sub-committee have worked hard to find ways to reduce costs without undermining the original plans and we will need to find ways to cover the increase. We are trusting God to provide.

In terms of timescales and practicalities, we expect to receive planning permission within the next week which will enable us to book the contractors and begin work (dates to be confirmed).

During the renovation process the back hall will be shut so this will affect a number of existing activities. We are working through the logistics of managing the changes with the least amount of disruption as possible, but it's likely things will get a bit messy whilst the works are happening, so please do bear with us.

Your prayer support would be much appreciated; for monies to come in, for works to run smoothly and quickly and for all the activities currently running from the back hall to continue well with the least amount of upheaval.

Thank you
