Our aim:

To be a provider of good quality, foundational Bible training that is engaging and accessible for a wide range of people

Our next course starting Monday 5 October...

PENTECOSTAL FIRE, ENDURING FAITH – The beginnings and continuings of the early church

1. Acts – The coming of the Holy Spirit. The Spirit is for everyone and the disciples are empowered to be witnesses.
2. Acts – The big gear change. Two big events demonstrate that the Spirit really is for EVERYONE.
3. Acts – Paul takes centre stage. After his dramatic conversion, Paul is off preaching and church-planting, continually facing dangers.
4. Acts – All roads lead to Rome. The story ends in Rome but not in the way Paul intends. But does the story ever properly end?
5. Heroes & Heresies. After Acts, new leaders emerge, new churches develop but opposition comes from outside and within the faith.
6. Canon & Creeds. Big decisions are made on beliefs and scripture; Christianity is given official Roman approval but is this a good place to be for the gospel?

'Let your roots grow down into Christ, and let your lives be built on him. Then your faith will grow strong in the truth you were taught, and you will overflow with thankfulness.' (Col 2:7)
